WORTHY WELCOME.

The Fire Lads are Received
With Enthusiasm and
Given Brooms.

The Bluff City Team Capture the
Second Prize in the
Contest.

The contents of the state firemen's tournament at Muscatine has excited much interest here, mainly because Council Bluffs was there represented by a team in which it took pride, and which it was hoped, would reflect credit on the city. This expectation was fully realized for the Bluff City boys succeeded in capturing the second prize in the hose contest and second in the sweepsakes.

In the hose team race the Racuses of Muscatine, made the best time, it being 43 seconds; the Champions of Muscatine next in 44 seconds, and the Bluff City team 44 1/2. It was shown that the Racuses of Muscatine was made up of professionals, and hence they were thrown out, giving Council Bluffs second place, and within a quarter of a second of the first prize.

In the free-for-all the Racuses of Muscatine made 403, but being professionals, were ruled out. The Racuses of Decatur, Ill., came next in 411, and the Bluff City boys 424, taking second prize in this contest.

A telegram was received Saturday morning from the newly elected chief, F. H. Quarella, saying: "We won second in state and sweepsakes. Home this evening." Ex-Mayor Vaughan at once proceeded to arrange a reception, and some dodgers were hurriedly printed and scattered headed with a jubilant rooster and in large letters, "The Boys Did Well," together with the telegram received and announcement of the reception planned. On the arrival of the train the boys were surprised most happily on finding a large gathering of citizens, while Mr. Vaughan, with a Berdier coach, and the Boys' band came to the front, he having provided these. There were a pile of new brooms, too, on hand, the contribution of Mayne & Co.'s broom factory, and each one of the victors was given one, shouldering which, and to the music of the band and the applause of citizens, the boys were driven to the city building, where they were formally welcomed by Mr. Vaughan, who spoke as follows:

Fellow Citizens and Worthy Firemen:
I welcome you home in behalf of our 20,000 people. We are proud of your past achievements and grand success at Muscatine. First, because you are in fact and in reality a home company, not composed of foreign professionals, but of our own city boys. Second, because of your short preparation and courageous determination to see that our city was properly represented at the state tournament, regardless of others' failure. I will say no more but this: remember, gentlemen, that the noble old Bluff City team will ever be held near and dear to the people of Council Bluffs.

On behalf of the firemen, Mr. Chas. Nicholson offered the following resolution, which was adopted:
Resolved, That a vote of thanks be tendered to Mayor Vaughan, Mr. Rockwell the freight man, and P. T. Mayne, the proprietor of the broom manufactory, the Boys' band the citizens generally for their kind co-operation and assistance, rendered the company in their trip to Muscatine.

Among the happy incidents of the occasion was as they reached the building, when Mr. John Green presented Mr. Grunella, the newly elected chief, a beautiful bouquet.

The boys received another pleasing expression of favor. Just before the Bluff City team left Muscatine, Mrs. Frimble, president of the association of ladies, presented them the following complimentary:

TO THE BLUFF CITY BOYS,
Tendered by Their
LADY FRIENDS
OF MUSCATINE.
Accompanied by their best wishes and the hope that their race in life may be a success and their shadow never grow long.

Our unanimous verdict is that Council Bluffs may well feel proud of possessing such an intelligent, fine looking and gentlemanly fire company.

How They Were Removed.
NORTH TOPEKA, Kan., May 12, '81.
H. H. WARNER & Co., Drs.—
Sharp pains in the region of the kidneys, frequent desire to urinate and scalding sensations were easily removed by your Safe Kidney and Liver Cure.

HENRY SANDERS.
PRIMING THE PRIMARIES.
The Delegates Chosen From the City for the County Convention—The Convention at Harlan.

The republican primaries were held Saturday evening to elect delegates to attend the county convention. There was little or no contest or struggle, the anti-Anderson men having no man around whom to center, and letting the matter go by default. There was no Anderson enthusiasm either, and a kind of don't-care feeling was in the air. The following are the names selected:

First ward—Geo. Carson, E. J. Abbott, A. B. Rowe, E. B. Gardner, J. D. Nicholson, John Hammer, E. B. Gardner, chairman, Vic. Keller, secretary.

Second ward—Theodore Bray, C. M. Harbo, C. S. Hubbard, J. P. Williams, J. M. Matthews, L. S. Russell, Dr. John Green; Capt. L. S. Russell, chairman, Chas. M. Harbo, secretary.

Third ward—C. D. Bloomer, N. A. Taylor, E. C. Newell, E. H. Odell, D. Malby, John Epeneter, L. Kirsholt, Geo. Fairman, chairman, H. C. Savascock, secretary.

Fourth ward—J. T. Stuart, Phil Armour, John Schoengett, C. S. Lefferts, J. J. Hathaway, G. S. Lawson, J. B. Atkins, Scott Rice, A. T. Flickinger, Major C. E. Reed, chairman, A. T. Flickinger, secretary.

NOT MUCH ON THE BOOM.
A telegram received from Harlan

by THE BEE states that a resolution was passed at the convention held there Saturday instructing the delegates not to vote for Anderson, Stone, Sapp or Wicks. This does not indicate much of a "boom" in the direction of Anderson.

Popularity.
THOMAS' Kidney Cure has obtained great popularity, from its intrinsic value as a reliable medicine, in curing hoarseness, and all irritations of the throat, diseases of the chest, etc. For these it is an incomparable remedy.

Not to Be Moved.
The Deaf-Mute Hawkeye, which has handled very tenderly the question of the removal of the institution, has in its last issue the following: "The question has two sides and there are a number of strong arguments against removal, the principal of which is this: The western part of the state has but two state institutions—no more than its share. It must bear the burden of expense and inconvenience of the transportation of its convicts, its deaf boys, its insane, its blind and its college students across the state, and the justice of adding the deaf and dumb to this long list is certainly questionable—no matter what arguments may be brought forward as to its expediency. Editorially we have neither favored removal nor opposed it; whichever side we might have taken our motives would have been questioned, as up to this point we have allowed our correspondents to carry on the discussion. But we give it as our opinion that as long as Council Bluffs wishes to keep the institution, it will not be removed."

Love Your Neighbor.
When your friend or neighbor is laboring under bodily affliction, indigestion, biliousness, constipation, caused by impurity of blood, or disorders of the kidneys or liver, don't fail to recommend Burdock Blood Bitters, a sure and safe remedy. Price \$1.00.

FLOOD AND FLUID.
Two Violent Deaths at Greenfield, Ia.—A Brutal Wife Beater.

Correspondence of THE BEE.
GREENFIELD, Ia., June 17.—A few days since a young man named Theron Hunter started to go to Prescott to be married. On the way he had to cross a branch of the Nodaway, which was very high at the time, so that he and his team were washed down stream and all were drowned. He was a highly respected young man, and the blow was a cruel one to his mother and friends, and especially to the expecting bride, who waited for him only to hear that he was drowned.

Two or three days ago a wealthy man who has lately moved to this place, shut his wife in a room and beat her fearfully. For this she sued for a divorce and \$11,000. It is said to have been the fourth time.

Last night as W. H. Singer, who resides two miles west of Greenfield, was bringing in his horses from where they were tethered on the grass, a sudden flash of lightning killed both him and the horse he was riding. He was a quiet citizen and an industrious farmer. He leaves a wife and small family to mourn his loss.

W. G. S.
Mr. J. Marsh, Bank of Toronto, Ont., writes: "Biliousness and dyspepsia seem to have been with me for years; having been a sufferer for years. I have tried many remedies, but with no lasting result until I used your BURDOCK BLOOD BITTERS. They have been truly a blessing to me, and I cannot speak too highly of them." Price \$1.00, trial size 10 cents.

SPECIMEN CORN.
Correspondence of THE BEE.
MONMOUTH, Clay township, Harrison Co., Iowa, June 17.—My corn is from 12 inches to 16 inches high, and the wheat looks fine. E. R. W.

Bucklin's Arnica Salve.
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fetter Sores, Tetter, Chapped Hands, Chilblains, Corns, and all skin eruptions, and positively cures them. It is guaranteed to give satisfaction or money refunded. Price 25 cents per box. For sale by C. F. Goodman.

OAKLAND RACKET.
Correspondence of THE BEE.
OAKLAND, Ia., June 15.—The DAILY BEE finds its way to our town regularly and is carefully perused and considered by the readers as a reliable and trustworthy paper for business, markets, news and reports generally.

The wheat crop looks fine, never saw a more promising crop. Corn is coming out finely, notwithstanding the poor appearance, and if the weather will be favorable a good crop can yet be realized.

Land buyers are calling to procure bargains before it is too late. The amendment question is somewhat the most interesting question on hand, and I learn that the anti-Anderson men have hired all the teams for that day, June 27th. But bless God, there are yet a few teams and help for the rightous.

Oakland will hold a grand Fourth of July celebration, all due means are being used to make it a success, and a great turn out is expected. Pete says he will have a cannon and will get some Omaha boys to shoot for him.

Uncle Bill Newton in his old and supple days undertook to play a position in a game of base ball and unfortunately had his little finger disjointed. Now he swears that all are f— who play ball without a soft yarn ball when there is no danger. Jango.

No Such Word as Fall.
"I have used your SPRING BLOSSOM for Dyspepsia, headache and constipation, and find it has done me a great deal of good. I shall recommend it to my friends."

"HENRY BERTOLETTI,"
May 24th. 95 Main St., Buffalo.
Price 50 cents, trial bottles 10c. J1341w

LEWIN LETTER.
Corn, Congress and the Constitution.
Correspondence of THE BEE.

LEWIS, Iowa, June 15.—Crop reviews from this region have given rise to many conflicting reports. The BEE is assured the following statement gathered from a number of reliable and clear-headed farmers is correct, and all right. Corn is backward,

but there is a good stand; the acreage is large and should the weather hold warm there will be a good growth, many fields are weedy, but plowing is progressing well. Small grain promises a large yield. Grass is backward. Some orchards make a good showing for fruit, others fall below the average.

Local politics is developing a strong current in favor of a Cass county man for congress. The edict sent out from the hub of the railroad rings favoring Anderson is now nursing under a wet blanket. Mr. Anderson has many friends in Cass county, and were it not for his affiliation with the state and railroad machine managers it is very likely he would lead in the congressional race. As it is, however, a Cass county man—a man of the people—a man of honor and ability, who goes in for boosting the bones and purifying the party by working within its ranks rather than by bolts and splits, will find himself in sympathy with the controlling elements of this county.

Madia Fletcher speaks on the proposed prohibition amendment to the state constitution tonight. The amendment people are leaving nothing undone which might further their cause. It is noticeable that U. S. Senator-elect Wilson, Gov. Sherman, John A. Kason, John T. Stoneman, many of the leading state politicians and gentlemen of the press, have recently become zealous advocates of this amendment. There is no doubt that the whirl of popular sentiment is setting in that way.

Your correspondent has heard many good words for THE BEE recently and has noticed that the Lewis branch of its family is largely on the increase. Lewis is an active, growing and intelligent place. Its mercantile and grain interests are fully and well represented, but in another letter I will touch on the advantages it offers to the establishment of creameries and like enterprises.

BUCKEYE.
"Do boldly what you do at all." Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowels and Kidney diseases; rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky,ropy urine from disordered kidneys, it always cures.

Hard and Soft Water.
Chambers' Journal.
You often hear of water for household purposes being called "hard" and "soft." The reason why some waters, especially spring water are "hard" is owing to the mineral matters dissolved in them. Rain water is never "hard," because it is nearly free of solid matter. The reason you had such an uncomfortable wash and shave this morning at your friend's house was owing to the water being largely charged with lime and magnesia. When the soap is rubbed between the palms in water of this description, the stearic acid in the oil of the soap combines with the lime and magnesia, and forms compounds which the water cannot dissolve; and hence the provoking crudeness you observed. For the latter to be a perfect one, complete solution of the constituents of the soap must take place, and in pure water this would be the case.

But some waters are permanently hard, while some are only temporarily hard. Permanent hardness is caused when the water is charged with sulphate of lime and magnesia, and temporary hardness by carbonates of lime and magnesia. Pure water dissolves the sulphates, but not the carbonates. Then how do the carbonates come to be in the water at all? The reason is this: All natural waters, but especially spring and well water, contain more or less free carbonic acid gas in a state of absorption, and when this charged, are capable of dissolving the carbonates; but whenever this gas is expelled from the water, say by boiling it, the carbonates are at once deposited; and this accounts for the incrustation in the kettle; and when this takes place the water becomes quite soft. The boiling does not effect the sulphates to any degree in this way in water that is permanently "hard." Temporarily hard water can be made soft by mere means than boiling alone. If a tubful of it at night be stirred up with a little "alkali" lime and allowed to settle in the morning there will be a white deposit at the bottom of the tub, and the water will be found to be quite "soft," because the lime added will combine with the free carbonic acid gas in the water, and the whole of the carbonates will become deposited, in virtue of their insolubility in water without this gas.

For drinking purposes, rain water, after being passed through a charcoal filter, to remove the organic matter it contains, is the most wholesome for adults. The general objection to its tastelessness. A pinch of salt will remedy this. For the young, however, solid matter in the water, of the right kind, such as lime and magnesia, is good, as these go to build the bony structures of the child.

Free of Cost.
All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of throat and lungs—are requested to call at C. F. Goodman's Drug Store and get a trial bottle of Dr. King's New Discovery for Consumption, Free of cost, which will show you what a regular dollar-size bottle will do.

KENDALL'S SPRAIN CURE.
The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW. Also excellent for human flesh.
FROM A PROMINENT PHYSICIAN,
Washington, Ohio, June 17, 1881. Dr. H. J. Kendall & Co.: Gentles—Reading your advertisement in Part, Field and Farm, of your Kendall's Spavin Cure, and having a valuable and speedy horse which had been lame from spavin for eighteen months, and which was a bottle by express, which in six weeks removed all lameness and enlargement and a large splint from another horse, and both horses are today as sound as colts. The one bottle was worth to me one hundred dollars. Respectfully yours,
H. J. B. BRUMBY, M. D.

Send for illustrated circular giving positive proof. Price \$1. All Druggists have it or can get it for you. Dr. H. J. Kendall & Co., Free-printers, Rushburg, Va. Sold by ALL DRUGGISTS.
